**Model: Cleveland**

## **Checklist**

---

### **So you won't forget any of our choices...**

Please use this checklist in order to discuss all options with your customer.

### **An absolute must**

The following options must be considered for this model (please always mention with your order):

Feet

### **Functions**

Have you explained to your customer the advantages of the following functions?

Seat extension manually

Seat extension motorized

### **Accessories**

Have you informed your customers about the selection of our accessories?

Stool

Cushion

**Model: Cleveland**

## Product and ordering information

---

**Frame:** Load-bearing parts of the frame made of solid wood and wood materials, surfaces lined with padded cover.

**Seat:** Spring system with permanently elastic steel sinuous springs and an upper-side cover. Seat made of PUR foam (min. RG 35), structured in layers in different thicknesses and hardness. Seat covered with cotton wool fleece. (Illustration see „Cross sections and ordering information“)

**Upholstery:** Soft, casual upholstery structure, in which a model-related or design-related wave formation of the covers, as well as seat imprints, are typical for the product. The upholstery will adapt to the body shape or the seat firmness will slightly decrease. Minor differences in the seat firmness in the case of add-on assemblies are due to the design and are therefore no reason for complaint.

**Back:** Back made of ergonomically shaped PUR foam (min. RG 25). Cover made of cotton wool fleece.

**Seat height:** 42 cm seat height  
45 cm seat height

**Dimensions:** Total height at seat height 42 cm: **71-85 cm**  
Total height at seat height 45 cm: **74-88 cm**  
Depth: **109-112 cm**  
Depth with seat extension: **127-130 cm**  
Seat height: **42 / 45 cm**  
Seat depth: **70 cm**  
Seat depth with seat extension: **88 cm**

**Decorative fabric:** The decorative fabric (decorative fabric PG 6 / decorative fabric PG 10) is only available for selected types (Stool, flutter cushions and cushions) and pattern matching is not possible. The prices can be found on PG 6 or PG 10.

Model: Cleveland

## Product and ordering information

---

### Miscellaneous:

Elements are always with grid connectors and completely covered. The corner element big always consists, due to transport, of 2 parts (divided in the middle). **Due to technical production reasons we have to inform you that it is not possible to make combinations such as angular corner small – angular corner small / LAL-LAR / OL - OR / UBEL-UBER / UBELlarge-UBERlarge otherwise gaps will arise. Likewise, 2 elements with seat preference cannot be placed next to each other for production-**

All materials used meet the requirements of the DGM according to RAL GZ 430. The seam distribution may vary with fabric, leather or imitation leather processing. The definition of quilted mats and cushions depend on the design and structure. The appearance of decorative, fell and double seams may vary depending on the fabric, leather and artificial leather used.

All backrest tensioning parts are supplied as standard in their respective original covers. Material-related information can be found in our fabric and leather flaps on the back with the individual fabric and leather qualities.

All values stated in the price list are approximate measurements in centimetres, determined by the usual measuring method (see RAL-GZ 430) and in unused new condition.

Please note that with very casual upholstered furniture in the course of use especially in the seat height and seat depth noticeable deviations from the dimensions given here can occur. We reserve the right to make changes in form, colour and construction in the course of technical progress.

**Please always order from left to right as standing in front of the suite!**

Model: Cleveland

## Functions

---

### Headrest adjustment:

Sofas with headrest adjustment support you in a comfortable sitting position. The headrests can be individually adjusted to a tilted or upright position.

### seat extension manually:

With the manual seat depth adjustment you can change the seat depth of your sofa. To do this, pull the seat surface forward as far as you are comfortable. The backrest remains straight.

### seat extension motorized:

With the motorised seat depth adjustment you can change the seat depth of your sofa with the touch of a button. Types with this function are equipped with a touch control switch. Elements with the „motorised seat depth adjustment“ function are equipped with a concealed switch which must be operated for moving. The relevant operating instructions are enclosed with the furniture.

Headrest adjustment

Seat depth extension

Touch control switch

## Goldenes M & Emissionslabel

### Are you demanding? That's fine - we are too!

Therefore, we attach great importance to durability, material quality, longevity, safety and health tolerance!

Because our furniture meets the high standards of the Gütegemeinschaft Möbel e.V., our entire product range is awarded the quality mark „Golden M“ and the highest possible emission class A.

### Quality mark „Goldenes M“

Nearly 50 years of research, laboratory tests, field tests, comparisons and scientific exchange is behind the RAL quality mark „Goldenes M“.

- Tested quality according to quality and test regulations RAL-GZ 430
- Guaranteed safety through elaborate laboratory and functional tests
- Healthy living through strict limits for pollutants - sometimes more stringent than the law requires, which were determined in independent test laboratories

The „Goldenes M“ means for the furniture buyer: This is quality, you can rely on.

### Emmission label

An expert group of the Deutsche Gütegemeinschaft Möbel e.V. has developed in collaboration with leading test institutes such as TÜV Rheinland, the LGA Nuremberg and the ECO Institute an Emission label for furniture.

- The label gives the consumer information about pollutant emission and should protect him from health protect impairments
- The entire range is classified according to these guidelines
- The proof of classifications is based on compliance of the awarding basis with appropriate pollutant tests from neutral testing institutes based on the requirements of RAL-GZ 430 or the Blue Angel's.

Our products meet the highest emission class „A“, which gives us a clear conscience and you a maximum of safety with regards to the emission levels of your upholstery.

Model: Cleveland

blue angel and longlife

---

## Are you demanding? That's fine - we are too!

Especially in the leather area, a responsible approach to the environment and health is very important for us.. Our leathers have been awarded the „Blue Angel“ because we specifically select upholstery leathers for our furniture that are harmless to health.

So that our customers can enjoy their leather furniture for a long time, we now offer the possibility to take out an additional 5-year service up to 4 weeks after purchasing the furniture.

[www.blauer-engel.de/uz148](http://www.blauer-engel.de/uz148)

### Blue Angel - environmentally friendly upholstery leather

The Blue Angel for low-emission upholstery leather signals that the excellent leathers minimize the environmental and health burdens from production over the entire daily use to recycling and disposal. The following leather qualities are awarded with the Blue Angel:

Cento  
Dickleder Torero  
Life-Line

**The Blue Angel is the world's most successful eco-label with a brand awareness of 92%!**

### 5-Year-Longlife-Service

With the right cleaning and care products you keep the value of your upholstered furniture and enjoy it for a long time. As part of this 5-Year LONGLIFE-Service, you will receive professional phone support, free special products and free support.

The Service can be completed for the following leather qualities:

Cento  
Dickleder Torero  
Mercury

Longlife

by 3C Care

**5-Year-LONGLIFE-Service provides security for a upholstery leather that is particularly durable and easy to care for!**

For more information please see [www.3c-care.de](http://www.3c-care.de)

Model: Cleveland

## OEKO-TEX® STANDARD 100 + klimaneutraler Hersteller

### What is OEKO-TEX®?

Many of our fabrics and upholstery materials have been awarded the STANDARD 100 by OEKO-TEX® label. If a textile article has been awarded this label, you can be sure that this fabric or upholstery material has been tested for harmful substances and the article is therefore harmless to health.

**You can find information on which of our upholstery fabrics are certified and other helpful information on our homepage at <https://www.candy-polstermoebel.de/bezuege/stoffe/>**

(example label)

The award offers you the following advantages:

- STANDARD 100 by OEKO-TEX® is one of the world's most renowned labels for textiles tested for harmful substances. It stands for customer confidence and high product safety.
- The testing is carried out by independent OEKO-TEX® institutes on the basis of a comprehensive OEKO-TEX® criteria catalogue.
- The test procedure takes into account many substances, both regulated and non-regulated, that could be harmful to human health.
- In many cases, the limit values set for the STANDARD 100 go beyond national and international standards.
- The catalogue of criteria is updated at least once a year and expanded to include new scientific findings or legal requirements.

### We are a climate-neutral furniture manufacturer (on balance sheet and through CO<sub>2</sub> certificates)

We can proudly say that we have been awarded as a climate-neutral manufacturer by the DGM. Our actions are always oriented towards the careful use of resources in order to protect and preserve the livelihoods of people, animals and plants. For 3C, sustainability is not just an advertising promise - the development of sustainable products is a matter of course for us.
